WHAT IS PREGNANT CHICKEN?

Pregnant Chicken is an online resource for expectant and new parents. Featuring advice, information and tips to help keep your pregnancy fun and exciting.

Written in a realistic, friendly tone, Pregnant Chicken pecks away at the myths of pregnancy while keeping it *sunny side up*.

WHO'S BEHIND THE BURD?

Amy Morrison was a successful advertising Creative Director and the most gung-ho of pregnant women. But after many an hour of surfing the web, she didn't feel super-informed. She actually felt super-scared. Was pregnancy really going to be nine months of losing sleep over her off-gassing carpets and the lack of organic kale in her diet?

So in 2010, after she emerged from the haze of toddler-dom, Amy came to a realization: pregnancy should be celebrated and enjoyed, not spent worrying about cell-phone radiation and having your teeth x-rayed. And that's when Pregnant Chicken was hatched

Pregnant Chicken – a pregnancy blog unlike any other – shares the latest and greatest about all the craziness of trimesters 1, 2 and 3 in a way that's actually fun and informative, not insomnia-inducing. It's honest, open and even a little bit brash.

Always on the lookout for new tidbits to pass on to moms-to-be, Amy lives in Toronto with her husband and their two little boys who they love more than bacon.

WHAT READERS ARE SAYING

“I just found your site and couldn’t be happier. **You have made me pee my pants and taught me a bunch of stuff in the process.** Thank you and please keep it comin’!”

Julie

.....

“I just wanted to thank you so much for your blog/FB/Ask the Chicks. It has been a source of so much needed information, amusement and laughter throughout my pregnancy; which, let’s face it, can be terrifying at times. **My husband too has greatly enjoyed it, it’s the only pregnancy blog I’ve sent him that he actually goes back to read.** And, of course, I share it with anyone I know with littles on the way, or already here.”

Ann

.....

“**I just found your blog through Pinterest and have fallen in love!** I have a 6 week old daughter (my first child) and I wish I had read your blog when I was pregnant. It would’ve reduced some anxiety, especially towards breastfeeding-or, as I call it, being in the jaws of a baby barracuda :-). Dealing with the struggles and joys of pregnancy and new parenthood with humor and truth is awesome and refreshing. **You should write those books they handed to us in our pregnancy classes!**”

Gena

“I wanted to take a minute to tell you how killer your site is. **It’s refreshing to see someone actually speak truth in a language I can understand and in a manor I honestly appreciate.** While being so excited/dreading the fact that in a few months I don’t have a choice but to crap out a kid (pumped about kid, not about the one day between pregnant and not pregnant) I was randomly shown your site and frankly, I already had to pee enough from being this fun gestational time, but need to even more from laughing at the stuff you post.”

Chelsey

.....

“Your blog has enlightened me, inspired me, empowered me, and entertained me. **Most of all, it has brought a sense of relief and normalcy to my first pregnancy.**”

Michelle

.....

“I just wanted to pop you a quick note to say thank you soooo much for creating such an awesome website! **It’s so refreshing to get information with a humorous twist to it – something I greatly appreciate being a borderline neurotic first time mom.** One of my girlfriends told me about your site and now any pregger lady I meet, I tell her about it as well! I have really enjoyed the emails throughout my pregnancy – only 10 more weeks to go!”

WHAT CLIENTS ARE SAYING

I would give her my next born child, but my husband said no!”

“When weeSpring was featured on Pregnant Chicken, we saw a bigger traffic bump than we did from any of our more traditional coverage in the press. **It’s made us completely re-evaluate our blog strategy**--we are now almost entirely focused on influencers like Amy.”

Allyson Downey,
Weespring.com

.....

“As a new brand focused primarily on parents, we devote significant amounts of our limited marketing budget towards working with bloggers and influencers. **Our brilliant decision to work with Pregnant Chicken has led to the single best ROI from any campaign we’ve pursued!** Not only has it been a great business decision, but Amy and Kelly are also just incredible women to work with! .....

BabyList has the challenge of reaching pregnant women in the USA. We’ve advertised with Pregnant Chicken for over a year because it’s an effective way to do this. Amy is very trusted by her followers. **We’ve advertised with a lot of blogs, but Pregnant Chicken has been one of the best for driving real traffic that converts.**

Natalie Gordon,
Baby List

“Amy is truly wonderful to work with and so supportive of products she believes in. The community she’s built is one of the most engaged we’ve found. As a result, **we’ve seen significant traffic and conversions from being featured on her site. And as a testament to the quality of her content, this traffic continues to flow even long after the original post.** If you’re offered a chance, we highly recommend working with Pregnant Chicken!”

Amanda Lehto,
TOMgirl Apparel

.....

“Having my product featured on Pregnant Chicken really brought my business to the next level! I was pleasantly overwhelmed with the enormous amount of traffic that was driven to my website! Orders immediately started coming in and lasted for months and months. **Even now, 7 months after my feature, I am still seeing daily traffic! Amy writes in a way that is not sales-pitchy, but she genuinely describes your product and her readers really respond to that.** She has the most wonderful readers as well! I got a ton of really positive feedback from them and overall working with Amy has been the best exposure for my business. I would give her my next born child, but my husband said no!”
